*Dear Matt:*

*Enclosed is a copy of our closing reports for National Coin Week, 1967.*

*Thank you for allowing us to serve the ANA as National Coin Week co-chairmen for 1967, and thank you for all your assistance to this most important program.*

*We hope that you will consider attending the National Coin Week Forum on Friday of the convention week in Florida. We would be honored if you are able to work this into your schedule and attend.*

*Best wishes for continued success, and we are looking forward to seeing you again in Florida.*

*Yours truly,*

*Rick & Virginia Bronson, Co-Chairmen  
National Coin Week, 1967*

National Coin Week has grown this year in spite of the decline in the hobby. This year, we received a total of 93 activity reports, one from as far away as Lima, Peru. A presidential proclamation may be in the offing, the National Coin Week Forum at the convention was initiated, and for the first time the co-chairmen contacted all of the Governors of the U.S. in regard to Gubernatorial proclamations or similar documents, 32 of which were issued. The initiation of Class J for Junior ANA members was accomplished, and we can expect to retain this category if this year's results are any indication of the future. As a "people to people" program between numismatists and the general public, nothing can replace National Coin Week.
